

6516204859.txt

I benefit from listening to satellite radio and its traffic and weather channels. Satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what you are permitted to hear. I urge the FCC to reject the NAB's petition 04-160 and to support \*all\* satellite radio companies' ability to provide the kind of programming that you demand and deserve.

Please support the continuation and expansion of satellite radio, as it is in the public interest to do so.

-- Scott Pisani.
